

Unit 8.1 Analyzing Character's Decisions

Character Types and Traits

Thursday, September 9th, 2021
Friday, September 10th, 2021

Thought of the day

Character - definition

- Portrayal of a person with regard to distinguishing psychological or physical features. (Freedictionary.com)

Character - Types

- Main Character

- Protagonist, central character, etc
- The definition of a main character is the individual who contributes the most to the story or who is the most important of the story. You can decide who the main character is by thinking about if the story would be the same if a specific character was not in it.
- He or she will be the character with most obstacles to overcome and normally the one with most screen time.

Homework for tomorrow

- Finish copying Power Point Presentation (PPT).
 - It will be discussed next class.
- It will be posted on Teams.
- Do not begin "My Favorite Character"

Character - Types

- Supporting Character
- Supporting characters are motivated in some way towards helping the hero on the quest.
- Supporting character is a character of a storytelling usually used to give added dimension to a main character, by adding a relationship with this character.
